Planting a native grassland on the Wimmera River bank

Although rain has not been plentiful, let's hope there's more to come to help with sowing crops and promoting growth. It is great to enjoy some sunny winter days and to see tinges of green appearing.

We need to continue to look out for our friends and neighbours. Stay safe and keep well!

Liz Hopkins

Yoga at Laharum Hall

Yoga will finish on **Wednesday June 23** for this term. There will be no yoga during Term 3 but will resume in Term 4.

Join participants and experience the benefits of yoga. Come and give it a go with our friendly group of participants! Minimal charge towards hall hire.

Please contact me on 0417 056219 if you plan to attend for the first time.

Sallow Wattle, the 'Golden Invader'

Wonwondah Landcare Group

The weather stations our group are operating tell us the same story! We've had very little rain to date this year and the soil moisture has dropped to a low level.

Members have been actively baiting for both snails and mice to reduce their numbers as the population increased significantly last year.

There is no meeting organised until July to allow everybody to complete their farming activities.

Chris Guest

Laharum Hall Committee

Hall Committee was recently successful in achieving a community grant for the installation of antennas to receive Telstra and Optus service. The work was recently done by David McDonald, Jim's Antennas.

QR coding is now working well for hall users.

Hall bookings have been good in the past weeks which is great to see activities resuming.

Judy Berendsen, Secretary

McInnes on 0407 914 498

North West Grampians Branch of Horsham Lions Club

It was great to be back in our community busy doing the Laharum Football/ Netball gates. We also helped out at Taylors Lake, doing gates.

Thank you for all the support of donations for the pre Mother's Day gate competition - very successful ticket sales.

Some of our members visited Horsham City Lions Club dinner meeting. They in return joined us at the Sports & Community Club for our last brief meeting on May 4 where we had 13 people in attendance.

Our office bearers are the same as 2020 - Keith Fischer - President; Mal Griffiths - Vice President; Tim Eagle - Secretary and Pam Pratt - Treasurer.

We welcome new members to join us. In normal times we meet at Laharum Hall on the first Tuesday of the month.

We will be doing Driver Reviver over the June long weekend - **Sunday June 13** and **Monday June 14**, 10am-3pm.

Transport Accident Commission will be at Green Lake on **Saturday June 12** from 10am-6pm.

Our next meeting will be at Laharum Hall on **Tuesday July 6** at 6.30pm.

Stay safe, get the jab and flu vaccine! Keep in touch!

Libby Peucker 5382 5221

A small group of women met last month for a Biggest Morning Tea event where we raised \$575. Another \$325 has also been donated. This is a total of \$900 which is a great effort by our small community. See photo page 2.

Cancer Council Victoria state that because of research - more people are surviving cancer; more Australians are taking action to prevent it; and new discoveries are providing hope. Australians are also getting more support to help deal with cancer.

We will donate \$500 to Cancer Council Biggest Morning Tea and \$400 to Fiona Elsey Cancer Research Institute which is based in Ballarat. Their key projects are in Immunology, Ovarian cancer, Breast cancer, Chronic Lymphocytic Leukaemia and Langerhans cell histiocytosis and Renal cancer.

Oncologist and researcher Professor George Kannourakis formed Fiona Elsey Cancer Research Institute following Fiona's death.

Covid-19 Lockdown

Victorian 7 day circuit breaker lock-down

We are encouraging people to stay informed about health matters directly with Victoria's Covid-19 lead agency DHHS. This is where the most up to date information can be found including the current social restrictions and public exposure sites.

All Council facilities were **closed to the public until restrictions lifted by the State Government** with some exceptions detailed on our website <https://www.hrcc.vic.gov.au/Our-Services/Public-Health/Covid-19>

Council staff worked from home and could be contacted on 5382 9777 for Council Customer Service.

Council Draft Budget 2021/2022 - Council's Draft Budget for 2021/2022 is available for public consultation. Access to all the budget details, go to: <https://oursay.org/horshamruralcitycouncil/budget2021-2022>

Covid Vaccines - Q & A with Rob Grenfell

HRC Council will host a Coronavirus information webinar with esteemed health physician and former Wimmera General Practitioner, Dr Rob Grenfell on **Thursday June 10**, 7pm.

Dr Grenfell will provide an overview of Covid, vaccines and pandemics before responding to questions from attendees. Mayor Robyn Gulline will host the Q & A session. Check Council's website on how to join the Q & A session.

Susan Surridge, Co-ordinator Community Relations & Advocacy

Wimmera Regional Library

Books and DVDS are available and can be arranged with Library staff by ringing on 5382 1777 or going online at www.wrlc.org.au.

You can check out the catalogue then put items 'on hold'.

Laharum Football Netball Club

Laharum FNC has had a great start to the year with the junior footballers and netballers all in contention for finals. It's great to see success from our juniors - especially the footballers, considering how light-on we were at the start of the year.

We have had some milestones overall with Caitlin Story finally getting to celebrate her 100th game and Shan Argall also playing in his 100th senior game for the club.

We currently find ourselves in a strange position at the moment with the season being put on hold because of Covid and waiting eagerly to see if we can get back to some training and normality again.

Laharum FNC are currently participating in 'The Push Up Challenge' which is to raise money and awareness for mental health. The footballers and netballers, juniors and seniors, are currently doing a number of push ups daily to help raise awareness and to open the conversation regarding mental health. It's great to see our club all showing their participation in such a hard but very important topic. The challenge started on June 1 & by June 2, the club had raised \$534 and have pushed out more than 5,600 push ups. Great effort!

The grounds look great thanks to Brian Burke, Pat Hernon, Cam Mibus and Co. The effort that these blokes and team put in is huge and we thank them for their tireless effort.

Fingers crossed, by the next newsletter we will be back out on the oval and netball courts playing again.

Bianca Mibus, President

CFA District 17

At the time of writing, CFA has moved into Covid Response Level 3 which means –

- Activities are limited to emergency response or critical functions only
- District 17 office is closed again with staff working from home
- CFA fire station access is restricted to emergency response only

Prior to this lockdown, District 17 office had returned to being open at least 10am-3pm every day with a number of staff working full time hours at the office.

Hopefully we will return to normal hours soon, but in the meantime, please continue to contact staff directly via mobile phones or use the office line 5362 1715 to reach admin staff. Paperwork can be delivered through the mail slot to the left of the front door which is checked regularly.

Louise McGillivray, 0438 673144
Brigade Administrative Support Officer

I would like share with you some great work the team did last week in learning new skills & safely removing graffiti from a number of areas in the Park.

In May a team of 12 Parks Victoria staff completed a week of graffiti removal training and removal works at various sites in Grampians National Park. Under instruction from Andrew Thorne, staff learnt about the different types of graffiti commonly found in National Parks and the best methods of removal. They then applied these new skills directly to a number of existing graffiti sites including Venus Baths, Silent Street and Hollow Mountain.

The types of graffiti treated included charcoal, rock scratching, rock climbing chalk, texta/sharpie, spray paint, and household and industrial type paints, all mainly found on rock surfaces or signage.

Treatment or removal methods included wiping moss/lichen over rock scratching, using cotton wool and water to treat delicate areas covered in charcoal or dirt, chemical removal and sandblasting for spray paints and other household paints, or a poultice treatment for industrial-type paints and long term graffiti. See photos page 11.

Graffiti has sadly been on the rise in the Grampians and our attempts to undertake this training early in 2020 were thwarted by Covid-19. It now seems we only just scraped it in before another Covid lockdown!

Well done to all the staff involved, especially Connor one of our newer rangers who coordinated and made this training all happen.

Rhonda McNeil, Area Chief Ranger Grampians

Wonwondah Hall Committee

Casserole tea and Chocolate bingo will be held on **Saturday July 17**. BYO casserole. Bingo will be played after the meal with chocolate as prizes.

We will only go ahead if Covid restrictions allow public gatherings and likely to be no sharing of food. Check for changes or cancellations on our Facebook page.

Greg Mathews 5383 8299

Laharum Rural CFA

Since the last newsletter, Laharum Brigade has responded to two call-outs to escaped burn off's, supporting Brimpaen and Green Lake. Thanks to all who responded.

Covid-19 - Like everyone else, CFA has Covid plans in place. We will still continue to respond to incidents, but crews will need to adhere to the rules such as social distancing, wearing of masks etc, whatever level.

Training - At the time of writing this, currently all CFA face-to-face training has been postponed, masks are required to be worn in appliances with minimal crews, QR codes are to be scanned and checked in and sanitisation of equipment used. We will advertise when it's back up and running normally. Any questions, please give me a ring on 0428 838242.

Quick Fill Trailer - The new trailer is nearing completion - stay tuned for further information.

Supplementary Alerting Service (SAS) app - Just another reminder to all members to download the SAS app to receive all pager messages. A very useful app to help all members be notified of incidents and respond when available.

If anyone has any brigade queries, please feel free to contact me on 0428 838242 or Francoise Thornton-Smith on 0484 909150.

Luke Dumesny, Captain

KnitKnaX & KnitWitz

Our group meets every Monday from 3-5pm at Redrock Books & Gallery. All welcome - suitable for beginners.

Monthly Sunday at The Wander Inn on the last Sunday of each month from 11.30am. **Sundays June 27, July 25 and August 29.** More details contact Gill on 0408 837530.

Fridays 5.30-9pm for dinner – eat-in and take-away.
Saturdays 11am-9pm – lunch & dinner.
Sundays 11am-4pm.

Take away fish & chips and pizza available - please ring to order. Bookings for meals are essential by ringing on 5383 6388 or via Facebook on <https://www.facebook.com/TheWanderInn/>.

We are not open when there's a lockdown!
Dianna

Horsham Rural City Landcare Facilitator

The Laharum Landcare community plant-out scheduled for June 6 has been postponed until **Sunday June 20**. Hopefully by then the ground will be damp enough and we won't have too many Covid restrictions! Everyone is most welcome. Times will be from 9am-12:30pm followed by a free barbecue lunch at Ann Sprague's property in Bungally.

The propagating native plants workshop a few weeks ago led by Neil & Wendy Marriott, was a big success. There was a really nice atmosphere with new and old residents meeting for the first time. See photo page 11. Thank you to all who attended for making it an enjoyable day! Horsham Urban Landcare plan to run a similar event in Horsham shortly. If you missed out, you may like to follow their Facebook page for more details.

Laharum Landcare Group is in the process of applying for Landcare funding for the next financial year. If you have an interest in creating a shelter belt or any other Landcare-related activities on your property, please let us know as soon as possible.

I have been involved in a number of activities - the Nature Connection Project with nest boxes around a new nature trail near Weir Park; planting a native grassland on another degraded part of the Wimmera river bank with three Holy Trinity Lutheran College school groups, and the Goolum Goolum homework club. See photos page 1 & 11.

Thank you Dutchy for delivering a lovely big hollow log that is being incorporated into future environmental education around the rare striped legless lizard. Natimuk PS students will also be planting native grasses around their lovely big Mosaic Lizard.

My intention is to establish a Repair Café in Horsham, but it will only be possible with some community support. Horsham Urban Landcare have some keen members offering to assist. There may also be some local residents who may like to get involved and contribute their skills to teach others how to repair and mend items and reduce waste and landfill.

This will be my last article as the HRCC Landcare Facilitator as I finish around the end of June. It has been a real pleasure to work with so many locals over the last 9 years.

Wendy McInnes, Landcare Facilitator 0428 840662

Telstra Priority Assistance

For people with life-threatening medical conditions, Telstra will provide an 'immediate response' to telephone connection if your landline breaks down – phone **132 200**

Sallow Wattle, the 'Golden Invader' (*Acacia longifolia*) is native to New South Wales, however has been found to be invasive in some parts of Victoria.

See photo page 2.

Unfortunately northern sections of Grampians Gariwerd National Park are highly infested with over 7,000ha at risk. Control efforts are being made by Parks Victoria and volunteers to control this invasive plant to avoid further dispersion into the greater landscape.

Currently, Sallow Wattle control within the Grampians landscape is funded by the Victorian Government's Biodiversity Response Planning Program which is helping to ensure that Victoria's natural environment is healthy, valued and actively cared for. The aim of the control program is to reduce Sallow Wattle density below 30% cover to promote regeneration of native vegetation.

Grampians NP is home to one third of Victoria's floral diversity with over 75 orchid species. Sallow Wattle has formed dense woodlands suppressing the growth of these local floral species by out-competing them, threatening the incredible diversity within the Park.

Sallow Wattle reaches maturity at 18 months and can produce up to 11,500 seeds. The problem intensifies as fires, floods and other major disturbances to soil lead to mass germination.

It is important that surrounding neighbours of the National Park can recognise this invasive plant to assist land managers avoid it spreading on their property.

Sallow Wattle is a dense shrub that can grow into a 3-10m high small tree but can also reach up to a 10m wide tree. Its flowers are yellow, cylindrical and spike in late winter and spring. Its leaves are unlike most other wattles; bright green, straight and point upwards and they are hardy and waxy to touch. It has 2-3 prominent elongated parallel veins. Simple control methods include pulling seedlings out by hand and making sure the root system is also removed. Larger plant trunks need to be cut at ground level, ensuring to cut below the lowest active bud especially on juvenile plants, otherwise there could be a risk of resprouting.

Parks Victoria organise volunteer activities to help reduce the impact of this invasive plant and to provide opportunities for community members to connect with the local landscape. Two hour long volunteer sessions are delivered regularly with visiting school groups contributing over 1,000 hours each year. Parks Victoria encourage school groups – primary through to university – to contact the staff members listed below, if they would like to be involved in the Sallow Wattle Control Program.

Several information sessions about how to be involved for the public will be delivered online and face to face in the coming months. Information about

these sessions will be distributed through newsletters and the Parks Victoria website.

Enquiries about the information sessions and volunteer activities, please contact hannah.auld@parks.vic.gov.au and enquiries about Sallow Wattle Control Program, contact

marlenne.rodriquez@parks.vic.gov.au

Matt White, Ranger

Laharum Landcare Group

In her report, Wendy McInnes has said that she will finish her job as the HRCC Landcare Facilitator at the end of June.

She certainly has accomplished a lot since she has been in that position; organising many planting days and events; getting a lot of cooperation and involvement with Indigenous and newcomer groups and other Landcare Networks; starting new Landcare and Junior groups; organising major events in Horsham and setting up travelling events for schools and Landcare Groups about insects, frogs, bats, fungi, etc and of course her major involvement in Laharum Landcare Group (LLG) and all its activities! Have a look at the photos on pages 1 & 11 for recent activities. We admire all her effort and thank her sincerely!

We expected to hold the Vegie Swap on June 6, but due to Covid restrictions this is cancelled. Our usual bi-monthly meeting 7.30pm on June 8 at Laharum Hall looks possible but members will be contacted by email or phone, as we may meet on-line. We will see soon if the plantings can go ahead as well! Otherwise our next meeting is **Tuesday August 10.**

In the meantime, some things we need to think about - rain brings green grass, weed production and pest breeding. It's best to control plant and animal pests before they multiply. We have programs for noxious weeds and pest animals, and we have some equipment and chemicals to help control them.

We also apply for grants to help fund all the activities, so if you have ideas for native vegetation and wildlife protection or enhancement (including pest plant and animal control), please contact us so we can include these ideas in our applications. Basically, if we don't get your information, we can't help with funds. We have to plan ahead!

Looking forward to rain, growth, and working together!

Gil Hopkins, Vice President 0490 830769

FOREST FIRE MANAGEMENT VICTORIA

We have successfully completed our third planned burn in the Northern Grampians in May. Located between Pohlner Road, Olive Plantation Road & Winfields Road, 546ha burn unit is the first of a number of ongoing treatments over the next few years along north-west boundary of the Park.

Aiming to provide bushfire protection to communities within Wartook, Laharum and Brimpaen, these burns will be looking to manage regrowth several years on from the Northern Grampians Complex fire.

Following the events of the 2019/2020 season last year and with a quieter fire season heading into 2021, FFMVic have this year focused heavily on our fuel management program. Currently 32 burns on our Joint Fuel Management program have been completed, with nearly 9,000ha treated so far and an additional 2,100ha treated mechanically (slashing and mulching); all working towards protecting our local Wimmera communities and reducing the risk and impact of bushfire.

Due to favourable conditions, burning this year began early on in the West Wimmera at Dimboola on January 19 with good results. Much of our program has taken place in the Grampians National Park, from Friedman's Road and Pohlner Road in the North of the park to Victoria Point and Geerak Track in the South, with further ignitions at Victoria Range Road, Yarram Park, Mt William, Lynches Crossing Road, Reid's Lane and Serra Range Complex.

Our crews will be spending some time out in the Little Desert National Park with the current weather pattern now bringing favourable burning conditions in that part of the district. The program will continue over winter; with cooler, wetter conditions. It is at this time of year that we focus on some of our ecological burns. In the Grampians in particular, that means we will be targeting heath species and managing the age class of the vegetation to promote ecological resilience around Childs Lane and Syphon Road.

FFMVic are currently compiling next year's Joint Fuel Management Plan (JFMP) and communities will have an opportunity to comment once it has been drafted over the winter months. We will continue to provide updates on relevant burns for the northwest Grampians area in future editions and would like to thank the community for your patience and understanding while we have been carrying out this important work.

If you would like to receive email notifications about our planned burn program or provide any feedback, please contact me at

holly.robson@delwp.vic.gov.au

Holly Robson, Senior Community Partnerships Officer / Wimmera Fire District

Education News

Term Two has been an action-filled few weeks with students attending a number of extra-curricular activities. Cluster school sports days (cross country and winter sports) have been weekly and concluded on June 2 when the rural team plays the Horsham schools in netball, soccer and football.

Our Sporting School Program has been Ten Pin Bowling for five weeks – an extra skill that we may not have had the opportunity to develop without the support from the program.

In between our sporting agenda, we have managed to travel south and be given a tour of Lake Condah Mission and ancient eel trapping areas at Tyrendarra by an indigenous ranger. The day made our studies from Term one very real about the indigenous culture and displacement of first peoples. See photo page 12.

Participation in the Wimmera Health Care Group 'Knowledge is Power' Program with Haven and Natimuk Year 5/6 students and attending the Math's Olympics at Horsham College with all Year 6 students in the area, have kick-started our transitional program for students. The opportunity to keep seeing cluster school students will provide friendship links when 2022 Year 7 starts.

Catch-up from 2020 is having an impact upon the curriculum. We have been fortunate to be granted a place at the costume school at Sovereign Hill in Ballarat this term. Hence, trying to pick up where we had to leave off from last year when all was cancelled, has kept us busy. Natimuk Primary School will also attend the costume school with us to provide a class of 19 students. This will also assist students in getting to know peers of similar age for transition.

Last week we hosted a VIP day. Students wrote invitations to their chosen guests at the start of the term to join us for a morning at school in class doing what normally would happen on a Friday morning. Guests were involved with the weekly spelling test, fitness, the class serial, poetry and respectful relationships. We concluded the morning with a shared morning tea and a tour of the vegetable gardens. We always enjoy our VIP special day and look forward to chatting with the guests whom the students often speak about. Thank you to our guests for making time to join us at school. See several photos page 12.

We have provided opportunities for the broader community to visit our school during Education Week. Many will have seen the adverts promoting the school in local newspapers. If anyone would like a tour, information or to join in for a session or two, please contact the school and a time can be arranged.

Students have been participating in the Duet Song Room Music Program. A tutor, Sarah travels to

the school or provides sessions via zoom for us to participate. We have ordered a number of instruments and are keen for their arrival so we can be upskilled in playing the percussion and string instruments.

The rain we have had has been wonderful – let us hope we can be sprinkled with some more!
