#### SURVEYS

##### Community Satisfaction Survey

Residents are informed that from **Monday 19 February 2018** for up to three weeks, your household may receive a call from an independent market research agency, National Field Services.

They have been commissioned to conduct a community satisfaction survey on behalf of Horsham Rural City Council. Similar surveys will be undertaken across Victorian councils during the coming months. The survey has been designed to assess the performance of the Horsham Rural City Council across a range of measures to identify ways to provide improvement or more effective service delivery to residents. The survey will involve interviews conducted amongst a representative sample of residents.

We appreciate you taking the time to assist us with your valuable feedback. Please be assured that your details and individual responses are confidential. Only the overall results are shared with Council.

If you have any questions, please contact our customer services department on 5382 9777.

##### Horsham North Survey

In November 2016, Horsham Rural City Council completed a \$94,000 project in Horsham North, funded by the State Government's Public Safety Infrastructure Fund. Project works included an upgrade to the two rail underpasses (Albert Street and Wawunna Road); and improved lighting in and around the Charisma Park area.

The key driver of this project was feedback from a community survey undertaken in 2015 for the Horsham Rail Corridor Master Plan which highlighted the safety concerns of residents in these key areas.

To evaluate the effectiveness of the project, we ask interested residents to complete the following short on-line survey (less than 5 minutes) before 5.00pm on **Friday 23 February 2018** -  
[https://www.surveymonkey.com/r/HRCC-2018\\_Nth\\_safety](https://www.surveymonkey.com/r/HRCC-2018_Nth_safety)

For further information, please contact Martin Bride, Community Facilitator on 5382 9591.
